“ *John Rankin, Jr - Friend posted a condolence To Fred's family- please receive the condolences of the Rankin family. Fred and my father were the best of friends through business, fishing, and boards and committees that helped make St. Petersburg the great city it is today. After my father's death, Fred continued to call on my elderly mother and continued to bring her flowers to brighten her spirits. He was a caring and sincere person. I can see him and my Dad together in a better place. May he rest in peace.*

“ *John Gay - Friend posted a condolence Dru, Sorry to be hear about your dad. Ninety is pretty good though (mine made it to only 77). I hope you're doing well. We settled in Seminole after college, & have two boys 24 & 22. I've been in the insurance business since 1975, & recently merged with another firm after 30 years on my own. It's been a tough business since Hurricane Andrew. I still have fond memories of your old Whaler, & all our boating escapades. We gave up boats after kids, but still like to fish (never enough time though). I don't see any high school friends except Norm Brown, who lives in Atlanta, Bobby Clark who's in St. Pete. with one boy, & Howard Greene, who resides in Clearwater with two kids. I haven't heard from our old friend Bill Howze since college. Take care, & best wishes. John*
