“ I had heard that Gordon was ill, apparently much worse than I realized. I'm at a loss for words. Gordon was a wealth of advice and expertise; always there to lend an ear for consultation and answer questions regarding dental matters. A generous and kind soul, he will be missed sorely. My condolences to Ann, the Wright family and all associates and patients who knew the decent man he was.

“ Dear Wright Family,
My condolences and prayers to your family. Gordon was a colleague and friend. He was my go to Oral Surgeon and never refused a case I sent to him regardless of the difficulty or challenge. He was always gracious, kind and sincere. He will not be forgotten and will be included in my prayers.

Sincerely, Dr Tony Pomato

“ I have many fond memories of G as we called him, but one of my fondest and most exasperating was working with him on his property in Scotia. He loved the place and was always doing something with his machinery...moving rocks (boulders), mowing, pulling out trees, digging holes, etc. He loved his "toys" and used them often. The exasperating part comes in when he would decide to pull out a small tree rather than just letting me cut it down. The ensuing mess and damage to the surrounding vegetation used to make me nuts, but it was his property, after all, and he was in his glory. I'd just shake my head and smile and do my best to repair the damage. We had a lot of laughs.

He leaves a huge hole in my heart and my life. Rest in peace, dear friend, you earned it.

“ Dear Wright Family,

It is with sorrow that we learned of Gordon's death. Our memories of Gordon go back many years. When Gordon and his family moved to the Schenectady area, we greeted them with open arms, The family became members of Union Presbyterian Church. of which were members. The Wright family became quite active within the church and made many life time friends through the church.

As an oral surgeon, Gordon treated my husband, on a Sunday, who had been hit in the mouth with a hockey puck (before the start of a game that our son was participating). Gordon treated my husband's mother and removed our son's wisdom teeth. As a compassionate and professional oral surgeon, he was rated quite high in our opinion!!

We send our thoughts and prayers to all the Wright family at this sad/trying time in their lives. We are grateful to have had Gordon touch our lives

“ *To one of my best friends for over 40 years. The one thing that I will never forget is the incident of Hampton Beach, We were going to try out our new sail boats with yours being first, and last that day. When we all ended up in the Atlantic Ocean.*

Then we couldn't locate Tim or Steve with the TEN FOOT waves pounding on us for what seemed like forever. Ann and Earlene were on shore watching this very scary event take place and just know their was nothing they could do to help us, however God was with us all with everything and everyone being just fine. That was the closest I have ever come to drowning and I am sure it was the same for you, Tim and Steve.

May Hod continue to be with you and the rest of us.
