“ Gretchen was a kind and generous woman. We have only known her for a couple of years but she was always so nice when we talked and her love for animals far outstood any other. One time I locked myself out and she let me use her phone and sat with me while I waited for my husband to get home. I will never be able to replace her as a neighbor and will miss her greatly!##imported-begin##Deana and Chris Rooks##imported-end##
