“ Teresa - daughter posted a condolence *Dad, I wish you had hung on for another 10 years so I would have had the chance to finish what I started 20+ years ago..to come and get to know you better..I feel robbed of the opportunity but someday we will meet again and this time we will make it work and get to know each other...you were always there for me to tell secrets to on the phone when life was getting to much...you did the best you could and I will forever be proud to be your daughter...till we meet again.*

“ Chris Gibree - Friend posted a condolence *So sad and shocked to hear this news. I considered Harry a friend who was always there when I needed him to work on a project. He was so kind, about a year and a half ago, he came to my business, set up scaffolding for me to use, and when the job was finished, he would not take any money. I will miss him dearly.
