“ *Thanks for all the great memories. You gave me plenty of good advice. You drove us in your car for lunch at work and paid for our meals even if we insisted we pay for our own. You'd always recommend good hotdog places. I'm definitely going to try that one you would always tell me about. Thanks for the memories friend. May you be blessed forever.*

“ Everyone would always tell me how much like you I am and I always took it as a compliment. I can't even begin to tell you how lucky I am that I got to be your daughter. Even though you can't be here with me now, I know you will always be watching over me. It's been really hard without you, but I know you don't want me to be sad. Instead, I will remember you as you were and celebrate you every day. After all, there's no crying in baseball.  
Love you ❤️

“ *Hector, you were my first love. I remember the first time I saw you, it was LOVE at first sight. The first time you kissed me I actually felt weak at the knees, that is when I knew that we were ment to be together. We had 9 beautiful children and 17 grandchildren and even 1 great grandchild. Through our differences I love you. May you rest in peace*
