“ So sad that I’m just finding out about James passing. I met James during elementary school and he was always so kind to everyone around him. Praying for peace to his family and friends. May he rest now with the Lord.

“ When I first met James we were in elementary school and we kept in touch via social media over the years. He was one of the most kindest person you could know. One thing I know about James is that he was a fighter and he always had a smile on his face. He never let his circumstances define him. He has always been an inspiration to me and he will be truly missed. An angel taken to soon but I know that you are in a better place. My condolences to the family, my prayers will be with you.

“ *And although we will all miss James terribly and his family aches for his presence, God took an angel home where he can rest without having to fight so hard. It's never easy to lose anyone especially a child and I know Frank, Debbie and Dillan will need all our prayers to go through this terrible time. I want you to remember James' jokes, may they always comfort you when you think of him. We never understand and we're not supposed to ask why but a heartache reminds us of what a wonderful person we've lost. May you rest in peace James. We love you.*
