“ Sabrina and family,

My sincere condolences to you all as you say goodbye to Jimmy and learn a new way to live without him.

I have known Jimmy since my mid EMS days and he was at Sta. 64 while I was at Sta. 5. He was always so helpful and had such integrity. He would often call me to discuss a call and find out if there was anything different he or we could have done...he was always striving for excellence.

I will always remember Jimmy as a happy and gentle giant of a man who had a very large heart and smile.

God speed to you Jimmy. I can just see you embracing the Lord in his eternal Kingdom.

“ *Very sad to hear of Jimmy's passing. I enjoyed the times we worked together at Brevard County Fire Rescue, not only a good co-worker, but a GREAT friend as well!* ”
