“ Jean is with her beloved Lowell now. 💕 God bless both of them. They were both incredible people. They had my son in this photo, and I'm pretty sure that Lowell whispered in my son's ear to go to Purdue. 18 years later, he did just that and graduated with a BS in Aerospace Engineering. My grandpa was good friends with Lowell and Jean, and he used to joke with them that NASA would always hire an engineer from Purdue before they would from Notre Dame. ☐ God rest your souls. You were both such a gift to this world. ☐

“ *Amy Hadley lit a candle I am so sorry to hear of Jean's passing. I met her at IRCUMC when I joined the choir. When I had both of my girls she painted ceramic baby shoes for each of them and I cherish them. She was well loved and living 93 years is absolutely a life well lived. Thoughts and prayers go out to her family.*
