“ *Mark and Dee Ganter - Friend posted a condolence Dear Carol and Family, I wanted to write all of you together to let you know how saddened I was to hear of Jean passing. I know this has brought nothing but sadness to all of you, and I hope you know that there are so many people around who want to help. Jean or as we called her MOM was a real treasure and always a joy being around and always had a bright smile and a kind word to share. She cared about everyone and she touched so many, and she will be sorely missed. I know each of you is mourning independently, but I hope you will also rely on one another to get you through this. It's unbelievable that I have to sit here and write this letter. I can't believe Jean (MOM) is gone, and I can't imagine how you must be feeling right now. Seems like just yesterday I was hearing that wonderful laugh and listening to her tell stories that would make us laugh. I miss Jean like crazy, and I'll never forget her love of animals and the Steelers and all the good laughs we shared. We are both better people for having her touch our life. She always wanted to come sit in the pool and have a drink (non-alcoholic) and I will continue to keep her chair open. I'll hold on to all those great memories knowing that they can bring me some small comfort in the face of this overwhelming grief. I know the grief is exponentially greater for you, but I hope you can find some peace in your happy memories, too. I hope you know that I am here for you, no matter what you might need. This is my job as your friend, and I don't intend to fail. So, lean on me. Rely on me. I'll be here. Always, Mark and Dee Ganter*
