Jean still after all these years I feel a great sorrow at losing such a beautiful person, and my heart will always cherish the sweet moments, and memories of the love we once shared. I really miss your laugh. See if you can find a way to sneak me into heaven when my time comes, .

My heart goes out to those close to her because there will never be another that can take her place.

Jean was a wonderful boss and friend! We lost touch over the years, but she lives on in my heart and memories. I hope there are Elephants in heaven <3
