“ I met neca at iqor in 2016 that was the best moment because I met someone who is outgoing who always made me laugh soMe one that I'd cry to when going thru something. I can't even stomach the fact that my sister is gone. I remember the first time I met miss rose when she came down and visit her daughter and we FaceTimed lol. Neca was the friend that was there for everyone whenever you needed her. I just feel so bad because I left and my friend was in need of someone. I'm just glad we created so much memories I LOVE YOU NECNEC

“ My name is Lateasa Denmark. I met Jeanneca Julien when I was 15 yrs old and we have been best friends every since. Then she met my son Dashuad aka her Stanka and fell inlove with him. She became my friend, my best friend, then my sons god mom, then over the years she became my sister because she was that little sister my mom never gave to me. We stuck to each other like glue. We did everything together. She was always there to lift me up encourage me or push me to do better. When I was at my lowest point in life she showed me that there was so much more to life! We planned to grow old together and raise our kids together. But sissy God had other plans for you and I'm so sorry that we won't get to spend those days together. Until we meet again sissy... you sleep and rest up baby girl, you held on long enough and you went so many rounds with life and finally you came out on top! I love you monkey butt!! You will live on through me!
