*My name is Denny Graham I just found out Monday evening late about Jerry Nesbit. I have been trying to track down Jerry and another friend Jimmy Martin for years. We all went to school together at Jeff Davis High in Montgomery Alabama. I left and moved to Houston at 16 years of age. I just found Jimmy about 3 weeks ago. I found Jerry's facebook page just a few minutes ago and called Jimmy. But then realized the last entry Jerry made was October 2013. That wasn't good I figured. Sure nuff while Jimmy and I were on the phone together feeling good about finding our old friend, I found this obituary. Needless to say the mood went from very joyous to very somber very quickly for Jimmy and I.*

*I am also a musician. Full-time. In fact Jerry was the one who showed me how to play guitar to "Heart Of Gold" by Neil Young when I was 16. I was already playing guitar and harmonica back then and he told me to go get a harmonica brace and he'd help me figure out how to do both at the same time. He did. I'll never forget it as long as I live. I can still see him showing me what to do. I've told hundred's of people ever since that, "my ole high school day friend Jerry is responsible for showing me how to play guitar and harmonica at the same time". I've made a lot of money doing it as a result and have amazed thousands of people through the years. Some of them knew how Jerry affected me in my music.*

*After all these years of hoping to find Jerry, I did. But I was 4 years to late to see him again. I, as well as our friend Jimmy Martin, are saddened very much to hear the news about Jerry.*

*Brenda, if you don't mind please give me a call. Denny, (281) 734-0225.*
