“ Larry Boyd posted a condolence I met Joan on Oct 31st 1982 for the first time.and started dating in 1984. I was initially attracted to her beauty but after getting to know he it was her beauty as a person that was more important. I was fortunate to have the love of my life with me for 36 years and could only wish for another 36. We were very lucky to have had a wonderful relationship and tried to look out for each others needs over the years. Joan was one of the strongest people I have ever known which was shown on how hard she fought to always get better and return home to me. I could go on and on with memories of her but I won't and will keep them for me.

I wasn't only lucky to have Joan in my life all that time but was also included into her family which was the most important thing to her. She always loved the times we had family over and took vacations with them over the years. For years we have taken a weeks vacation with a large part of the family leaving the day after Christmas. They are some of my fondest memories. Joan introduced me to travel early on and we have been to most states and many countries over the years. Joan was from England and still had some family there which we made numerous trips to. She was always up for an adventure and trying new things.

I can only say that I will always love her and treasure the time we had and at some point will join her when my time comes and our ashes will rest together from that time on.

Thanks for a wonderful life honey.

Your loving husband, Larry

“ Frank B. posted a condolence *To the family, May you be strengthen and comforted by the many precious memories of your love one during this difficult time. When the enemy death strikes, your grief can be great. A source of great comfort is found in God's Word the Bible where God guarantees that: "From the power of the Grave I will redeem them; From death I will recover them."*-Hosea 13:14.
