“ Sweetie , it has been 1 year. Sophie and I think of you every minute of everyday. You left us to soon. You will be sick no more....

“ I always enjoyed working with Joan. She was so knowledgeable and helpful and then her personality! Awesome!! As a friend and coworker Joan was the whole package. Joan-e as we used to like to call her, She hated it but let us she loved do it anyway, was so full of life and bubbly and don't get me started on that giggle. It could be a happy giggle or devilish and if you knew her you could tell the difference! I loved working with her and going to lunch. We'd talk about our pups and how she was a proud godmother. Now if you ever got her angry, you better believe you were in the wrong cause this one had some patience! I could go on and on. But the short of it is, I still find it very surreal and unfathomable and tragic that I lost my friend Joan and I am so selfishly upset that heaven gained a most exceptional angel because of my loss! RIP my Joan-e I love you and you are missed.

“Joan was my best friend from 10 years old until time and distance separated us. But I still considered her my best friend. We grew up so much together and shared so many secrets and feelings and fears. She was true and kind and wonderfully funny and I will miss knowing that someone like her exists on this planet. I will love her forever. God willing, I'll see you on the other side Joan <3
