“ *Violette Govan - Friend posted a condolence It's been nearly two years and I still fondly remember the way your lips curled up at the ends when you spoke. John was so full of energy, life, and love. I remember John was the person who hugged and comforted me during my time of need, and I only wish to return the favor to his family and his friends. John was a bright, beautiful soul and he is free from any suffering now.*

“ *Taylor Narder - Friend posted a condolence I am heart broken to hear that John has passed. I met him at All Children's Hospital in December and throughout my entire stay he called me everyday and visited me. The time that I spent with him is something that I will cherish forever. I have such fond memories of our conversations, going to the mall with him, he even made doing school work enjoyable. His personality was infectious and he managed to light up every room that he walked in to. Although he was not on this Earth for as long as I wish he could've been, I am grateful that he is in a good place. I hope that he is at peace and experiencing no pain in this moment, and forever. To his parents and sister, I can not imagine what you are going through but I know that amazing people like you will carry his legacy on forever. John left a mark on the World and he lives on through the people that he touched. I love you so much John Burrows. Rest in peace.*

“ michael keating - friend posted a condolence It is with great sadness that I write today. My staff and I had gotten to know John well during the past two years. We were all very fond of him and are devastated by his passing. John's visits were routinely accompanied by laughter brought about by his wry sense of humor. He was a special young man who positively touched us all. Fortunately, we can all rest assured that John is in a better place. Our thoughts and prayers are with the family during this difficult time.

“ Rachel Harff - Long Time Friend posted a condolence When someone passes, it's a shock to the system of everyone involved. It's a sad and heart wrenching time because we're missing the person we love. But in that moment you know that that person no longer has to suffer through whatever difficulty they had to endure. They are finally set free and welcomed somewhere much greater than this earth with our Father waiting there with open arms. I have known John since Kindergarten. We had Mrs. Preus together. I knew him all throughtout elementary and middle and up until now. I'll be starting my junior year of high school this year. And from Kindergarten until just recently, John has been a wonderful person. He always knew how to make people smile and laugh even in the times when they just wanted to cry. He was a beautiful soul that will certainly be missed. But more importantly, he's a beautiful soul that will be remembered.
