

John Cirello

April 17, 1943 - October 23, 2017

John Cirello, 74, a resident of Longwood, FL was called home to heaven on Monday, October 23, 2017, at his home surrounded by his family.

John was born and raised in Bound Brook, NJ. During his life, John was a professor at Rutgers University, served as a Captain in the US Army, was a CEO of multiple companies, was a Bound Brook Borough Council member and the head of Seminole County's Environmental Services Department. John always strove for more and overcame many obstacles in his life from a life threatening head injury as a teen to his overcoming a reading disability and earning his PhD. However, John was most proud of his role as a father to his 3 daughters and 2 son-in-laws and grandfather to his 4 grandchildren. They will sorely miss their Papa.

A special thanks to Sacowi Medical Clinic, the Orlando Health Heart Institute, UF's Div. of Cardiovascular Medicine and Vitas Healthcare for their expert care and support.

John is survived by his loving wife of 52 years, Sherron Thomas Cirello. John is also survived by his daughter Sue Henesy and her husband Chris, daughter Beth Cirello, and daughter Sherry Haluszka and her husband Steve; his 4 grandchildren, Chris, Miranda, Aidan, and Mia.

The family will greet friends on Sunday, October 29, 2017 from 5:00 – 7:00 PM at DeGusipe Funeral in Maitland, FL. A Funeral Mass will be held on Monday October 30, 2017 at 11:00 A.M. at St Mary Magdalen Catholic Church in Altamonte Springs, FL.

“ Our condolences go out to the extended Cirello Family. Lost somewhat for words, know that we will always treasure the times we shared whether as families getting together or as coworkers learning from each other.

To John, I owe so much to you as my mentor. Though one of many who worked with you, you provided guidance that will long be remembered. Thoughts and prayers go out to you and the extended family. With our love, Tom and the Greci Family.

“ I am at a loss for words; I not only had Dr. Cirello for a professor at Cook College but worked for him at Princeton Aqua Science. He was a fabulous orator in the classroom and a man of great environmental insight and understanding and possessed the ability to transfer information as few professors could.

“ Dear Sherron, Sue, and family,

I just heard the sad news about John. Please accept my deepest sympathies, and those of his old Department of Environmental Science at Rutgers. After all these years, I still have fond memories of our time together here, both personally and for the work we accomplished. I am thankful to have known him.

“ *I worked with John at Seminole County and loved him dearly. I will always remember his “Crapper” story. Nobody could tell it like him. He will be greatly missed.*
