“ *My dad was my hero and seemed super human to me and probably all of us. He always took care of his family and made sure we were all ok. He worried about us more than himself. His loss has deeply affected me and there will be a void now that he is gone. He was the strongest person I have ever known and Saige and I will miss him more than words can express. We love you dad. Until we see each other again. Love Aileen & Saige*
