

John David Kuhn

April 26, 1969 - July 15, 2018

It is with great sadness that the family of John David Kuhn announces his passing after health complications on July 15th, 2018, at the age of 49 years.

A native of Altamonte Springs, Florida, John attended St. Mary Magdalen Catholic School and Bishop Moore High School. His education continued at the University of Central Florida, where he graduated with a degree in Computer Science. In 1995 John started his wonderful career at Eagle Technologies, which through later acquisitions became Logicon and then Northrop Grumman. Through his 23-year career, John became the inspiration for many new engineers including his younger brother and co-workers. John always gave 110% to his work and achieved success in both winning and overseeing Department of Defense programs in support of the United States warfighter.

While not at work, John had plenty of hobbies to stay occupied, including working on his beloved house in New Smyrna Beach. What was once a tiny run-down cottage has been filled with life, love, and beauty. John followed in his father Tony's footsteps and began woodworking and hand crafting various furniture pieces and other arts and crafts to fill this wonderful home and leave an enduring footprint for all to see. While not in the garage, John loved tinkering with electronics and always had the latest gadgets and toys to play with. Boys will be boys.

Throughout John's life, he had the opportunity that few ever experience. John loved to travel and whether for work or play, with his wife or co-workers, John had the fortuitous opportunity to travel the world, including unique places like Paris and Prague, historical treasure troves in Italy and Germany, and romantic getaways in far off Caribbean islands.

John will always be remembered for being one of the kindest, most generous and caring people that you could ever know.

John is survived by his wife of 14 years, Sharon (Stout), two beautiful cats, Maui and Riesling, mother Jo Ann Kuhn, sister Patricia Relvini (Lino), brother Tom Kuhn (Jennifer), and nephew Ethan Kuhn.

A Celebration of John's life will be held on Tuesday, July 24th, at 11 a.m. at Saint Mary Magdalen Catholic Church, 706 Spring Lake Road, Altamonte Springs, Florida.

Memorial donations in memory of John can be made to Saint Mary Magdalen School and Early Learning Center – 869 Maitland Ave. Altamonte Springs FL, 32701, or the American Diabetes Association.

“ My deepest condolences to the family and friends of John.
My brother and I were sharing memories of John. We had the great fortune of sharing our youth with John. My brother was best friends with John and I with Patricia. Our days were filled with adventures. We played outdoors every second we had. We rode our big wheels until we got our bicycles, then we rode our bicycles until we got our skateboards. We spent endless hours building forts in the woods that surrounded our house and if we weren't in the woods, we were playing in the orange groves that were more abundant than the woods. Mr. Kuhn took us fishing, canoeing and enhanced our love of the outdoors.
We had a blessed childhood that formed the foundation of our lives. Reading the memories and stories of John, it is clear that his adventures continued and strong bonds of friendships filled with love continued.
My thoughts and prayers are with John and the family.
God Bless.
Casey, Kim, Julie and John McNamara

“ At this time of great sorrow it is difficult for me to put into words how I feel but I will try. John and I started our professional careers together on or about the same day in 1995. I was fortunate have shared 23 years with John in our personal lives and to have worked with him on many Northrop Grumman projects.

I have so many special memories of John it is difficult to pick just one. The special memory I have chosen to share with you reflects just a little about John's character. Shortly after John and I started working together the office had a week long meeting with government representatives. Two of the three government workers were easy to get along with. The third worker was a little more difficult. The meeting started and almost immediately this tough and difficult government employee took a liking to John. This was one of my first impressions of John. Throughout our friendship John always had a special gift of bringing the best out of people. This is just one example of why I loved John.

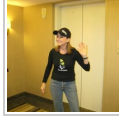

John was my boss on several projects. He was a tremendous leader but he was an even better friend. I read and hear all the condolences for the family and echo all of these words of comfort. I hope friends and family can feel some solace in knowing how much everyone loved John. Even though John is physically not with me, he will live on in my heart and mind. I will think of him often.

An extension to my husband's blessings...the first time I met John, I knew instantly he was a good, kind, intelligent, big hearted, humorous man who grew to be a great friend. When I met Sharon, I saw a match made in heaven. The warmth between them was what many people hope for once in a lifetime. I feel blessed to have had John in my life. Thank you, Sharon for sharing him...my love. Many good memories. God bless to the family.

“ *My sincerest condolences to the entire Kuhn family. John was a very good friend and a very kind man. He will be missed and never forgotten. God bless you my friend.*

Chris Muffoletto - July 19, 2018 at 01:09 PM

“ *My deepest condolences to the Kuhn family.*

Candace Travis - July 19, 2018 at 09:03 AM

“ *My deepest condolences to the entire Kuhn family. John was such a wonderful friend, so full of life. From our time in high school through our young adult years we had so many good times. He was always there during the down times. I'll always remember John as the guy that taught me so much, shared so much of himself and would make me laugh until it hurt. Being around John truly made me a better person.*

I'll always love you, John. Rest brother.
