“ My condolences to John's family. We just learned of his passing. I was gratified to see that John chose to be remembered while standing next to the car that I built for him. It was one of our first ones. We thought of contacting him many times to see how if he was still enjoying it. He will be greatly missed.

“ I'm very saddened to learn of John's passing, I knew him for only 10 years and he treated my thinning hair at his clinic in Clearwater. Last time I saw him was in February (2025). He said he was going thru treatments for his esophagus. He was very positive about the treatments. It breaks my heart that he lost the battle. Rest in peace, John. We who knew you and liked and cared about you, who embraced life to the fullest. I met his sister Veneta a few times so please, Veneta if you read this, know that I'm saying prayers for you and your family. Harriet Browder (Clearwater, FL)

“ 10/4/25-I am just learning of John's death & am deeply saddened. He was a good man filled with a variety of knowledge, experiences, and ideas. Those who were fortunate to know him now live with a void nobody else can fill.

John & I met in Orlando, Fla in the early 1980's while working for Dr. C. P. Chambers in the hair restoration business. He ended up becoming my roommate (platonic) & became another older brother I didn't realize I needed! So many fun times shared together-even after we both moved to different parts of Fla. It was hard to beat great friends, great food & drink, and a great day at the beach! And that is how I choose to always remember him.

My condolences to all of his friends & family.

“ John Lee Satterfield a/k/a John Satino was my father's first born son when married to his Mother, Virginia. John Lee as I and my brothers. Johnny and Rick, knew him, was not just my father's son or half-brother as some would refer, he was our brother We loved him. My brother Johnny will be deeply saddened by the news that Johnny Lee has passed. There was a time when Johnny Lee lived with us as a very young man and they were very close. Johnny Lee and my brother. Rick, who predeceased Johnny Lee, were also quite close. When we visited him and his then wife Mary Jo in Hillsboro. Ohio, John Lee taught Rick to ride his first mini bike. I idolized Johnny Lee. He gave me my first ride on a motorcycle and in a Corvette. I adored him. When our father passed and was interred in Arlington National Cemetery, Johnny Lee video taped our father's Honorable service and my Mom gave Johnny the flag which draped our Dad's casket, his being our Father's first born son. I cannot believe we never knew he was ill. I cannot believe no one told us of his death. When I break the news to my brother, John, he will be deeply saddened by the news. Our love goes out to Kelly and Michael. We have known you both since your respective births. Kelly was the 2nd blonde Satterfield ever born. My brother Rick was the first. My condolences to Lien. Our hearts are broken that John Lee has left us all. I would like to know where Johnny Lee will be interred if such is planned so that I may enter it into the Family Bible which is a Bible he gave to his Grandmother, Annie, which was given to our Dad and then to me to keep the Record of the Satterfield Family. I would also like to pay my respects to him and to all of his Family
May God Rest his Soul and may Peace be with you all
With great sadness and affection, his sister. Donna Satterfield

“ *I send my condolences to Mr. Satino's family, friends, and business colleagues. As a trichologist, I had the pleasure of meeting Mr. Satino when I took one of his hair restoration classes. I was amazed at his vitality and youthfulness. His willingness to share his knowledge and research in the industry of hair restoration will be missed. Thank you Mr. Satino for the mark you left in this industry. The more I learn about you, the more I am grateful for having had the opportunity to meet you. Rest in peace.*
