“ *James Fortner - Business posted a condolence Dear Family, Joe and I met when he was shipping a motor to Canada about six years ago. We talked for a time at the service station along I-77 in northwest North Carolina. We had never met except by phone. Joe was a gentleman. For the short time we visited, I found him to be a kind and caring person, he talked about his family. Today I tried to reach him by phone about a job, to find about his passing. My sincere regards to you all.*

“ *Renate Kablinger - sister posted a condolence To Joseph, my big brother you will always be. You always had to get there first to check it out for me so I know this is just the same. I will miss you but I know your pain is gone now and it was being cared for by your family that made it easier to leave us. For that I thank them and give them my condolences. No man could have left this earth with more grace than you. Your children should know how much you loved them, Samantha, Jamie, Tayler and Leighton as I know you did. You would be proud of them Joseph for they are kind like you. You will be missed in this world my brother by myself, Anita and Cathy.*
