“ Jay was literally as good as it gets! He was the best friend anyone could ask for! He was more than a friend, he was a brother and he was and will always be a huge part of my life. I had the kind of love for him that some people will never experience, will never understand or comprehend. He was always there for me and my family without question or hesitation! And we the same with him. We shared every interest alike, loved the same things, enjoyed the same adventures and shared the same goals in life. We vowed to be a part of each future endeavor together and I will forever keep that promise! Everything me and my family do from here on out for our endeavors will be dedicated in his name. I will keep you with me always!! I know he will be there with me every step of he way!! Until we meet again, I love you brother!!!
