“ I was absolutely devastated to hear of Karen’s passing. She loved her family and was always so proud of them. You all are in my thoughts and prayers.

I met Karen through the handbell choir in 2006. I was the same age as her own children and didn’t have family around. She immediately took me under her wing and was there for me through many moments in my 20s. Karen was always so kind and had an amazing faith. I’ll always remember her bright smile and ability to connect with other people.

She was a special woman who will be missed. I know that she is a bright light in heaven. I love and miss you, friend!

“ Mrs Cimock was an amazing piano teacher to my 7 yo daughter. My daughter enjoyed having lessons at Mrs Cimock’s home for 2 years where it was warm, smelled amazing and greatly decorated according to the season.

Despite her health challenges, Mrs Cimock was kind, patient and very gentle. When the pandemic hit, she made sure to stop by and deliver a Christmas gift. That was the last time we saw her. We will miss her greatly. The world just lost a loving, generous, special and one of a kind human being.

“ Heartfelt condolences and prayers to all Mrs. Cimock's family. She was such a wonderful and loving person, so full of life and laughter. I feel so blessed that I had a chance to know her and see the wonderful example she was as a mother, not just to her own children but to do many of us that she welcomed into her home and her heart. She is someone I always think of when I am reflecting on the kind of mom I would like to be. She had a wonderful way of helping you to see your gifts and always encouraged you to let them shine. She was just a glorious person.

“ I first met Karen when I was looking for a piano teacher for my then 4 year old daughter. She took Riva under her wings with one condition that she would teach her for one month and see if she is ready for lessons. Riva flourished with Karen and was taught for 2 years before we relocated out of Florida. One of the reasons my daughter still plays piano is because of the early education that she received from Karen. She was so kind, cheerful and special in so many ways. I'll miss her but I know that wherever she is, she is spreading love and joy.

We moved out of Florida but whenever we visit we had tried to visit her. May her soul rest in peace! We will miss her.

Dear Mr. Cimock and Family,

Dearest Karen taught our daughter Emerson piano for several years before the Covid crisis...She was a gift and an inspiring joy to everyone she met.

Our family was having some illnesses to manage during those years of happy lessons and Karen just covered every possible base for you, your family, all her students and I am sure neighbors, acquaintances and a stranger in need.

She was always so kind, patient, talented and we were all blessed to have been able to be in her company. We laughed a lot in the company of Karen, you and sweet little dog whose name escapes me.

I do not know how she managed to go above and beyond to make all her lessons, recitals, home so enchanting and little gifts to all the students and more.

We had moved to North Carolina during Covid, so did not get to see her again since late 2019. She really left a very lasting impression on Emerson and Emerson wanted to reach out to her when she heard she was so ill. We will easily keep all our memories of her alive and cherish them.

*Thank you and our deepest sympathy,
Lisa Barnes , Emerson and Family.*
