“ *Kenn Greene - Grew up with Bob posted a condolence I still have memories of going shrimping on some very cold nights, and pulling up some very strange creatures. Karl didnt seem to think it was all that wierd. But we were young teenage boys he was keeping out of trouble being on that boat. Still fond memories. Thanks Karl. See Ya when I get there.*

“ Jessica Scarberry - Granddaughter posted a condolence My grandfather was somebody I really truly looked up to. he was a man of few but funny words, and boy did he have some stories. I guess the reason he meant so much to me was because he was the only grandfather I ever really knew, and he will be dearly missed but NEVER FORGOTTEN...I love you grandpa and I know god does to or he wouldnt have called you home.
