“ My deepest condolences go out to Vic, Elizabeth and Connor and all of those who were blessed to have Kathy in their circle. She was a strong advocate for children and I learned so much from her no nonsense views of what was right and wrong. She made me a better mother, a better teacher and a better advocate.

“ *Kathy's voice & NY accent always brought a smile to my face! As we worked together to help others, she always saw the potential for good in others. She was a great listener and always easy to talk to and with her care and candor she helped so many that others wouldn't have seen opportunity. Her beautiful blue eyes always drew people in and her inner beauty always shined through. Every time we spoke or saw each other she always filled me in with what was going on with her awesome daughter & son. She is so proud of them always! She was always so truly excited for everything going on in their lives and couldn't wait to help them along the way. She & her husband always a true partnership of love that truly emulate an amazing family. I pray that as you find your new normal that you still hear her cheering you on, bursting with excitement for all that you will accomplish and I know she will be beaming with Joy watching over you!*

“ *I was just devastated to learn of the passing of Kathy, such a good friend for so many years. Since relocating to Florida, she was always so good at keeping in touch and visiting with me when she came to Buffalo. She had a heart of gold and a happy, upbeat spirit that she shared with everyone fortunate enough to know and share time with her. I spent countless happy hours chatting with her and couldn't have been happier than when she started telling me about meeting, and then marrying, a guy named Vic. He's such a wonderful man, and I was so happy and thrilled for them both, and I'm so sad for him now, and for Elizabeth and Connor. She'll be so missed by me and so many others. 'Bye, Kath...*

“ *Kathy loved her community and neighbors. This picture was an impromptu drop by into our recently opened Fourth St Bar and Grill. Kathy and Vic were always out and about and ready to have fun. I loved her wit, smile, and beautiful eyes. I worked several rezoning issues with her concerning our elementary, middle school, and high school. She was an advocate for both young and old. She was always sharing her current stories about her children and family and was so proud of Elizabeth's and Connor's many accomplishments. Kathy would always want the latest update on your own children too! I will miss seeing her work in her yard and at our neighborhood parties. Kathy was an outstanding Friend, Mother, Wife, and Neighbor. RIP Kathy, I know you are watching over Vic and the kids.*

Until we meet again...Love you! Deb xoxo

“ *Kathy was the biggest education advocate I have ever known! She spent countless hours on school rezoning plans, volunteering in the classroom and PTA and SAC committees throughout her kids' school years in Lake Mary. She had high standards of teachers and administrators and our schools are a reflection of that! I will miss you Kathy, your intelligence and passion for your community and family. “ Victor, Connor and Elizabeth and the entire Accurso family,
My Deepest sympathy to you all in the loss of your Wife and Mother,
Kathy.

*Kathy is and always will be, a strong and wonderful light in the
world.*

*She is a Wife, a Mother, and a Friend. In todays world these often
seem to be the simplest of life's accomplishments, however, they
are the only ones, that are of, any real importance.*

*May you always remember the Love she has for you all and always
remember that she will always be with you...*

*She will always be watching over you... She will come to you when
you least expect it, in your thoughts and dreams, and she will never
really be far from your side, as she will always be in your hearts and
you will always be in hers.*

*I know these words are of little real comfort for the shock and pain
you all feel now, however try to take comfort in the fact that Kathy
Loves you all and always will...*

Again, My Deepest Sympathies to you all...

“ *Barbara, Maureen, Gregory and Biff: It's been over 50 years since I have seen any of you. I don't know if she would have even remembered me but I lived across the street from y'all on Olmstead. Whenever I think of my childhood, I remember every one of you....but mostly my best friend during my very early years, Kathy. We always had fun spending the night together, getting scared up in the attic and shoveling the snow off the creek to go skate. I am so very sorry for your loss and only wish I could say something profound during your time of loss. What I will say is when I am reading all of these notes made in Kathy's honor, how large my heart felt to know that my dear childhood friend had such a wonderful life and made so many wonderful friends and family. What a blessing she was and how well she is being remembered. Rest in peace my young friend....for that is how I will always remember you.*

“ Vic, Elizabeth, and Connor,
Also Barbara, Maureen, Greg, and Biff,

We still can't believe it.

I remember the little girl I met 50 years ago at Barb and Ang's wedding. Full of spunk and cute. That never changed over the years. She became a beautiful and young woman caring for her father with love and concern. She possessed those qualities of feeling for other's and helping.

I'll always remember the holiday's at Chiodo's, sitting with her. Hearing of her children's accomplishments with pride and at the same time her concerns of their future. About her adventures and plans with Vic (a great couple and marriage).

She became a beautiful woman, wife, mother, sister and friend (on the inside as well)

She will be missed

I wish I could say something profound and wise, but there are no word to tell of the loss I fell for you all and personally.

My son attended high school with her daughter and we sat together for our kid's freshmen orientation at University of Florida. “ Kathy, my heart aches for your loss. You have left behind a legacy of love. Every conversation with you was always sprinkled with pure adoration for your family: talking about the accomplishments of your children, the deep love for your husband, trips you were looking forward to..... Your love of life and family was so contagious! I could always feel you smiling through the phone! A great loss has been dealt to this universe. We will miss you profoundly. Godspeed my friend. “ Vic, Elizabeth & Conner--I believe we are gifted at moments in our life by the people who pass through our lives especially when they are our soul sister! I have racked my brain to come up with something, anything to say about the loss of Kathy... but I can't do it. There are simply not enough words or sentiments in the world to fill the void of space that our girl filled. She was one in a million for sure. When she cared she cared big... when she loved she loved big... in all things she was amazing, passionate, kind and good... and most of all filled with great heart.

Vic, you know us gals are supposed to be working but we are chatting it up about the one we love... and she was devoted to you. She was an amazing example of what a great marriage looks like to those of us still looking for that. I think you could look the world over for that kind of love and how lucky to have had that in this lifetime... too brief for sure.

Elizabeth your mom was so excited to have you pick her up in Atlanta when we flew out for our regional meeting. Her eyes had a way of sparkling when she talked about you and your brother. In you are her greatest gifts, her biggest hopes and dreams. You are all those things in a beautiful package. She was so very proud of you as a daughter and as the woman you have become.

Connor your mom was telling me you hated to leave and while I am sure she hated to see you go but she was so very proud of you her capable, smart and funny strong son. Nothing pleased her more than to talk of your accomplishments over the last few years. She was so happy to see you launch into an amazing career and knowing you would have your sister in town made her very happy. Family was everything to Kathy. In you she instilled her greatest gifts a fearlessness, a drive for more and a huge heart.

You are her legacy, her life's greatest accomplishment. My wish for

you all is that in the days months and years to come that you see gentle reminders of her along the way and it brings up a special memory and a smile that reminds you of her. Nothing loved or cherished can ever really be lost.

She loved her family so much. She shared many stories with us! She met my daughter in Hawaii and she went out of her way to welcome her. When we chatted she would always ask about her.
