“ *Kathy was such a spunky lady! She would sit and tell me stories of her time working for the government and the various positions she held, being a woman at the time in those positions what unheard of. She loved her family and told stories of travel with her granddaughter. Anytime Kathy called I knew to be available for a hour, we would laugh and catch up as if we had never been apart, she made you feel valued and heard. I will miss you lovely lady!*

My Aunt Kathy was always a woman I looked up to. She was intelligent and devoted! She was definitely a force to be reckoned with. We would talk for hours on the phone about everything from relationships to careers to day-to-day life. I will miss our talks, I will miss her six layer red velvet cake! My children talked about it still to this day. She was such a devoted, mother and grandmother! She lived along the fulfilled life and now she rest. Until one day we meet again. I love you, Aunt Kathy.
