“ Dan, I am so sorry to hear of Kathy's passing. I am however happy to know that she had a life filled with love and laughter. I met Kathy in 6th grade and we became fast friends. We walked to school together for the next 3 years. Though we went our separate ways after high school I will always remember our friendship with a smile. Kathy would have it no other way. She was a funny girl. Rest in peace my old friend.

“ I met Kathy when we were in Jr. High School. We had gym class together and each week we schemed on how we can get out of class. That began our “coming of age” years together and then our lifetime friendship. A friendship free of judgement, free of jealousy and free of any conditions. We could laugh and cry and tell each other anything. We did all the silly things young girls do for the next few years. It was filled with so much laughter because of Kathy’s amazing personality and humor. Her mother, obviously where she got her sense of humor from, called us Frick and Frack. 😊 How lucky I was.

Our lives separated when I moved to Florida, but we always stayed in touch and made visits when we can. We lived different lives. I became a busy single mother of 3 daughters and Kathy met the love her of life Danny. Months and even years would pass without talking, but we would always find each other. Time never diminished our friendship and connection.

As with many people, Facebook became our link, even though she moved to Florida too! and in 2017, Kathy and Danny came to visit (THANK YOU DANNY!) We had no problem with telling each other “I love you my friend”. You are my forever friend. So glad we did, as it would be our last hug when we said goodbye.

My deepest sympathy to all of Kathy’s family, especially the love her of life Danny. Thank you for being a wonderful friend and husband and giving Kathy everything, she ever wanted. May your life memories and memories of her bright smile give you strength to keep living. It’s what she would want.

“ *Kathy & I went to junior high together, right through high school. I remember when we first reconnected via Facebook, we were chatting & I told her what I remembered most about her was, she was always so nice to everyone. She was always a good person, which is still how she was when I found her again. Both living in Florida at this point, we had wanted to get together, but sadly never got to. I am going to miss her, & her stories about her fur babies, & how funny she was.. My condolences to the whole family, especially to her husband Daniel. Remember she is still with us , just "in another room".. Rest In Peace dear Kathy... we will meet again ..*

I worked with Kathy and Danny at Parkell years ago. Kathy always had a smile on her face and always made me laugh. I am so sorry for your loss Danny. Sending prayers and Gods pease to you and your family in this difficult time love Carol. 💔

carol konchek - August 08, 2018 at 09:29 AM

I also worked with both Kathy & Danny at Parkell back in 2000. When I first started I remember they were just about to get married and they were both very excited. Kathy had such a great sense of humor, making everyone laugh and she wasn't afraid to speak the truth. I then moved to FL we lost touch for a short time soon after Danny had applied where I've been working. I couldn't believe when I looked up there he was. He was hired immediately. We caught up. We don't live far from one another. In fact just 2 years ago for my 40th I invited them and we celebrated. I'm going to miss you Kathy. I'm really going to miss your funny and entertaining posts on FB. Danny I feel your pain, your heartbreak. I know how close both were. Hope you find peace within your heart and just remember Kathy loved you so much. 💜

Penny, remember when Kathy had to pick me up from the airport? She was so afraid of driving there, when I got in the car, you and your son Brandon were in the backseat for support.... I remember I laughed.... If I didn't say it then, I say it now... Thank You!

kathdan - August 09, 2018 at 05:59 AM

Haha! I did. I remember on the way there I was showing her the signs and she was holding on so tight to the steering wheel she wouldn't read them. She was so nervous. Your welcome!

“ Kathy came into our life very unexpectedly I met her for the first time on the beach in Huntington NY, Danny's brothers were on there jet skies , I think I liked her from that very first day she was easy to talk to and had a great sense of humor . She always made us feel welcome in there home, she would cook great meals and make wonderful dessert.

She made my son very happy she gave him a beautiful home filled with love.

The family will miss her but most of all my son will miss her everyday of his life

There will never be anyone to replace her.

RIP Sweet Kathy and know we will always miss you

Love MOM & Steve
