“ I knew Kelly for a short time while we worked together at CentralSquare. She was an amazing member of the team. We were mostly virtual over the last year, but Kelly was always in the office a couple days a week and always excited to see me and to chat. She was very kind, gave me cookies over the holidays :) and always asked about my family. We miss her a lot at the office and are so very sad for the family, and for Caiden. My thoughts and prayers are with you.

“ I am still in shock but want to share what a wonderful friend and coworker I had in Kelly. From the first time I met her and she said, "I'm a very upfront person, I don't beat around the bush." I'm sure all of you who know Kelly can relate to that, at first I was taken back, but soon learned to appreciate that part of her personality. She was a very caring and sharing person (esp of her holiday mint creamer) and I will miss her terribly.

I met Kelly only once or twice. But no one should pass at such a young age. I feel for her daughter Caiden who now faces so many changes in her very young age. R I P Kelly

This hurts my heart. In our virtual world I only got to see and work with Kelly mostly from Zoom. Every time I did interact with her she was kind, helpful and always smiling. I appreciate her time and attention. I am so sorry for the family's loss.

i was so upset when Tamra called and told me Kelly had passed. I was friend's with her since she was 18. We worked at Red lobster together, we went on a cruise, she went with me and a good friend Gloria Crockett to New England and had the vacation of a lifetime. We held year passes to Islands of Adventure & MGM studios where we went with Caidi and my grandson Joey. We both loved Classical music and went to many symphonies at the Chapel at Rollins or we could be speeding down the highway with her red hair flowing out of the car blaring led Zeplin.

Kelly was one of a kind. She was a very direct person which made her very good at doing her job. I only spoke to her a few times, but I was very impressed with her work ethic and attention to detail in getting to the bottom of things in a clear and concise manner. I appreciated her directness and personality. May the Lord bless her family in this time of grief.

I worked with Kelly and had the pleasure of seeing her almost every day that she was in the office. She was always so kind and friendly, and her warmth will be missed by us all. My deepest sympathies go out to her daughter and the rest of her family. My heart breaks for the pain you must be going through. Always know that her CentralSquare family is here to help in any way that we can.

So sad to find out about Kelly's passing. Although we didn't see each other often, I have many fond memories from high school and girls nights later on. I pray that Caidan finds peace in knowing how much Kelly loved her and will be watching over her. Rest in Peace dear friend and Caidan I wish you peace, comfort and strength in the difficult days ahead.
