“ *I called Ken CB. He told me a story once about how he and our good friend Marcos were shooting video in downtown Orlando and they got stopped by the police. Well, the cop called Ken "camera boy" and it stuck with us as his nickname! (Later turning into CB ;) haha)*

I knew Ken from Discovery Cove - He was such a sweet smiling face everyday. He was definitely the storyteller that everyone talks about, but more importantly, he was always so kind.

My condolences to all Ken's family and friends.

*Lots of love and positive thoughts,
Christina Rinaldi*

“ Ken was a gem! My favorite memory was when we went swimming with the manatees in Crystal river. He made me the most wonderful video of that day which I will always cherish. He also gave me a sketch of some dolphins we worked with at SW, it is still hanging in my office so I think of him often!

Thanks for the memories Ken, Rest In Peace❤️

“ My thoughts and prayers go out to Ken's family. I knew Ken from his SeaWorld days and from the many satellite media tours and animal rescues and returns we did together. Ken was there, always with a good story and usually with the largest cup of coffee I had ever seen. I miss those times. Rest in peace, my old friend.

“ You were my first friend when I moved to Orlando and a great coworker. I will always remember our diving adventures and photo safaris. As life went on we drifted apart but when we got together it was always were we left off. You were a great friend and an amazing man. I will miss you my friend.
