“ *Hi Brother,
Happy Birthday! Couple of days early.
All good here. Donna got her puppy back in August and it's a mini
dachshund and her name is Shadow. Donna doing great now that
Shadow is filling the void of Copper.
Doing more deep sea fishing. I really like Port A. It's nice town.
Catching bigger fish and more keepers.
I changed diet completely and went from 180 to 140 in 5 months All
my blood work is outstanding. No more worrying about high
cholesterol. I've been eating seafood, vegetables, fruit,nuts and
yogurt. That's it and only drink water. Quit everything else. Getting
off caffeine first then sugar then carbs. Back to running 20 miles a
week.
I sure miss you.*

All good here. A year to remember. Had a Brain Aneurysm repaired
on your birthday. It was 7 times normal and had it for 10 years.
Doctors said it was a miracle I've live this long. Went for 6 month
follow up and no stent and no medication needed. Wow.
Copper was put to sleep 11/20. He had him for 20 years it was hard.
He was a fighter.
Donna doing great. Goes to athletic center every day. I go to beach
every other month and go to Rockies to hike. Love those mountains
