“ It has been a week and I still have no words! My heart breaks knowing that my distant family is suffering so! I regret that our families live so far apart and we didn't know you personally growing up. Assuming that family will always be here is taken for granted way too much, I know now! The memories will live on thru Melissa and Kasey and the rest of the Stanley's! You are with your granddaddy now! YOU TWO BEHAVE! 🥺💔 Rest in Paradise, Kevin!! Love you!

“ Kevin I won't forget all the good times we had at work. It was genuinely an amazing time to work with you by my side, starting since I trained you on your first day. You developed into one hell of a good friend and coworker and I knew how excited you were to work with me as a cook. There is so many words I could say, but even when I'm weak and speechless I know you're looking down lifting me and my mood up.
Rest in Paradise Kevin,

“ Kevin... I sit here with my beautiful 3 week old daughter in my arms remembering the night I saw you at Cheddars and you hugged me with a huge smile and said you were expecting me to have a bigger belly. Then the time I saw you at Kobe you came up and hugged me again and congratulated Niko and I. I can't believe that was the last time I saw you. I have so many amazing memories with you that I will forever cherish. And I never regret any of them. This morning you showed up in my dream and I asked you what you got for Christmas and you looked down at these red shoes. This is still so unreal to me I can't bring myself to say goodbye to you. In my mind, I keep telling myself I'll see you soon. So I'll leave it at that. I hope you're looking down on everyone and guiding them to safety. I am thinking about your family and close friends right now and praying they heal from this. You were such a beautiful person inside & out. I'll truly miss ya. Please keep visiting me in my dreams <3
