“ I was lucky enough to go to grade school thru high school with Kris. She was a fun person to be around, always cheerful, up-beat, and positive. She gave me my first, and only stage kiss (senior class play -"Seventeenth Summer"). She played Margaret and I was her boyfriend Art - we called each other those names since that time. Our class will certainly miss her. Our prayers and thoughts go out to her and her family.

“ Will always remember her as being happy in school. She had it all going for herself. Remember her working at Hanley Brick in Lewis Run with my brother Jim. She is in God hands now.
