“ *Kumar Anna is my relative and my neighbor in India, I have spent lot of my childhood days with him. He use to teach and guide me lot during my school days. I learn lot from him.*

I still remember those days when we used to wait for his phone calls from USA. If he writes mail to his parents I used to read it for his mother Marathal, still I remember your hand writing Anna. Thanks a lot Anna. We miss such a nice and humble person.

Rest in peace Anna You will live in our hearts forever.
