“ Dino was always so good to me. He treated me like a member of
the family and I will always be grateful for the things he did for me.
He taught me how to make Vine Leaves & gave me my first
Summer job (with Ang, of course). He will be missed. Sending me
love to Marie, Ang, Peter & the rest of the family during this difficult
time. Love, Aimee Dolinac & Family

“Dino... what's to say? You always made us laugh. Your 'look' with the punchline of every joke will forever be appreciated and missed. We grew up with your family (Claire & Mike, Ruby & Chris) you never forgot us or missed a sad or good memory. I know your in heaven your laughing up a storm with Nick Ramo... who we miss so much.. you truly will be missed. Your stories of life, hard work, good times and the occasional story about life will always be treasured. Thank you for the good times. We ALL have gained a new and appreciated guardian angel. When you see my grandmother Mama Alyce tell her how much I miss her and give her a huge hug and kiss from me...
Thank you!

“The moment I was born you took me in your arms and helped raise me. You taught me how to make spanakopita and remembered to take me to all my ballet lessons and performances. I could count on you to be in the front row even if you were sleeping I knew you cared and were proud of me. You were the most giving and loving man the world could have ever known. I know now when ever I see a Pillsberry commercial or hear the Lean Back song I will be thinking of you and our memories together. Thank you for being my Papa!

“ From the very first moment that we met, you welcomed me as family and treated me with boundless and unconditional love. Thereafter, each and every time that we saw one another, you greeted me with that ever so sweet and warm smile of yours and a BIG hug. It always meant the world to me...more than you could have ever possibly known. You were a father figure to me, and I respected you immensely. You truly were one of a kind, and I am forever blessed to have had the opportunity to have you in my life. This world was a much better place with you in it, but heaven now has a new, shining star. I will miss you tremendously...until we meet again one day, my dear friend.

“ *I don't know how we're all going to live without you. You have always been my only constant in my life. Whether it was 2 in the morning or 2 in the afternoon, you were there for me no matter what I needed and would give me your last dollar, and often did, as a child if I needed it. What would have happened to mommy and me if you hadn't come into our lives? You saved us from the world. I love you and will miss you forever and ever. Save a place for me Papa. I will see you soon in eternity xoxo Love, your little girl Catherine*
