“ I am saddened to learn of Larry's passing. We used to live next door to one another in Arcadia, CA. Our summers were spent playing chess and him showing me how lousy I was in soccer. We were teenagers then, and Leo was just a little guy who'd always come and just hang out. God Bless to the family, I wish you well.

“ *Larry was one of the best people I've ever know and I considered him a very dear friend, as did so many. He was a light of pure joy, he brightened my day whenever I saw him and I considered myself so fortunate to have such a good, kind person who thought of me as a friend in my life. His heart was even bigger than his smile.*

*I remember during Irma, when I was without power for an extended period of time, Larry would call or text me every day to see if I needed anything or invite me to his home for some relief from the heat. And he meant it.*

*Larry will forever be in my heart as a reminder to live each day fully, find the joy and to share my heart with others as openly as he did. I just appreciated and loved him so very much. And I will miss him always.*

“ Larry was a great man. He was a childhood soccer coach of mine and a great grown up to look up to. I remember his smile and great personality. Larry has had a lasting impact on my life.

“ On the TG Express soccer team, there were many strong personalities, and Larry was a calming, and organizing presence each and every week. He was a super steady, consistent person, you never saw him have an "off" moment. He was an accomplished professional, a fabulous soccer player, and a great person. He will be greatly missed, and I am honored to be called his friend.

“ I was going through a rough time financially and was stress. Larry call me up and invited me to Chris football a Georgia Southern. He drove me to Georgia and paid for the tickets. I think he wanted to have some one on one time as we drove there to talk about what was happening in my life. That's what a friend is for. Lary I so appreciated that. My you RIP
