“ My mom and I only knew Miss Lettie aka (nana Lettie) for a short time, but it was enough time to see such a beautiful soul. She touched our lives, making a difference. She and her family were kind and welcoming. I always will remember her and her witty humor. She had such a beautiful smile that lite up the entire room. Nana was a great listener and always had something nice to say. Nana will definitely be missed. May she rest in peace.
