“ When she first moved in beside us, I took her a pencil plant and I often dropped by to see her in her little home. She was always glad to sit and have a talk, of course, that meant she had to put down her crossword puzzles. I will miss her but I'm so happy she is pain free, walking with the angels.

“ I will always remember the visits with Aunt Virginia when we'd go see her and Pa or they'd come see Nanny and Poppy. She was a very special woman to a lot of people. Love y'all and praying!

“ To many memories to list but I will cherish every one with all my heart. Thank you Lord for allowing her to be with us as long as you did. She is now where she lived her life to be! But will always remain in our hearts!
