Mae's Angel Light

Although you may not see them,
you are always in their sight.

They bring the gift of love and guidance,
It is called the Angel Light.

You know they always hear you
to them your voice is dear.

With the comfort that they bring to you,
you need not fear.

So here's a place for Mae to come,
to do with angels what must be done.

To make our world whole and bright,
and share with all Mae's Angel Light.

“ *It's Moms 86th birthday today!
Even though mom went to be with our Lord several days ago on
March 23rd i want to Celebrate her life!
I lay here thinking of how i would really like one more big hug and
tell her how much I love her!
So many great memories are going through my head. Then i think
today, your birthday dancing with our Angels that have gone before
you, and what could be better than that!
Mommy-
I love you today
I love you tomorrow
I love you all the days of my life until we meet again.
Muah muah muah!*

“ I will miss you Mommy!
So very much. You and your spunky nature could always fill a room.
You were feisty and stubborn and not afraid to speak your mind.
Always down to party and have a great time!
I will miss the fact that I won't have to warn any guy friends that
you're a pincher. I will miss the seemingly perpetual loop of black
and white movies that played at your house.
I will miss so many things but you've touched so many people
during your time, even people you only met once, that you will
surely never be forgotten. Eating a pickle and drinking some ginger
ale for you right now. ❤️❤️❤️❤️
