

Margaret Isabel Westhoven

March 15, 1919 - May 27, 2018

Margaret Y. Westhoven (Peg) went home to heaven Sunday morning at about 7:30.

On April 16 she had fallen and broken a hip. She actually had surgery (at age 99!) to repair it and came home under hospice care. She decided on hospice because her heart was weak and she did not want to go into a rehab facility. We wanted her to make all these decisions herself, and we respected her choices.

So we set her up at home with excellent care givers to help us with the tricky parts!

When she came home her greatest desire was to meet the Lord and dad in heaven. We also respected that wish.

On Sunday, May 27, God saw fit to answer her prayer.

We are devastated to have lost both of our parents in 6 short months, but we believe we will see them again.

Please pray for our family, this is a tough time for us.

Sincerely,

David and Linda Westhoven

Carol Westhoven

Lynn and Jim Graber

7 grandchildren

6 great grandchildren
