“*Marjory Schwartz - Like a daughter posted a condolence Marie came to the Schwartz home in 1954 to work for my parents and was rather fearful when my mother said she had three children. "Oh, no," thought Marie. "Just what I need...three little brats to get in my way and bug me." Forty-five years later, she was still working for us as a housekeeper extraordinaire, our second mother, our strength in times of sorrow, our cheerleader when things were going well. Marie was a wonderful person, and the three "brats" eventually became like the three children she never had. She literally moved in with us when Mother and Dad travelled out of town (which was frequently), and she made home-made French fries for us and all sorts of delicacies that only Marie knew how to make. And her plate of home-made cookies at Christmas were the best gifts we ever received!! Marie took care of our house and saved Mother from hours of difficult, tiring chores like ironing the sheets like Dad wanted them, sewing the hems and waistbands for all of Mother's slacks so they would fit her petite stature, and even helping me with my Halloween costume when I decided to dress up as a nun in 1989 when I was 48 years old!! There was no end to the wonderful things she did for our family. She even took on extra work as Dad's office housekeeper, and after Jim's stroke, she drove him to and from Ed White Hospital for his rehab appointments when Jimbo was 55 years old! Marie was an all-around wonderful person and had the greatest laugh of anybody I ever knew. What a delight it was to have her in our home for all those years! They really threw away the mold when they made Marie Lisk. I shall always be grateful to her for the extraordinary things she did for our family. Marie was truly one of a kind, and I will love her forever for her kind heart and loving nature.*

Love, Marge
