“ Dear Doug Marshall and family
You and Maureen had a profound effect on my life. Chances are you never realized how much. That was the beauty of your gracious friendship. You selfless acts of kindness and inspiration were life changing for me. Sitting in the room this afternoon left me with a warmth and a broad grin on my face. There was such love in the room. A love that was built in the context of a family created by Maureen and you. That alone was testimony to her greatness, her ability to touch the soul, hearts and minds of everyday people. Her innate talent to raise people to a level that they didn't know they had within them. Success in this life is definitely not measured by money rather it is defined by a Woman, a Mother, a Grandma, a Great-Grandma, a Sister, a Friend. It is defined by Maureen! My sincerest and heartfelt condolences for your loss. Godspeed my friend.

“ *My dear friend Maureen. I can't believe you're gone! I was sitting here thinking about how long I've known you, and was taken aback to realize it's close to 35 yrs. You and Doug were my employers first, but it wasn't long before you became my friends; and over the years your friendship meant more and more to me. I remember so many wonderful times, and a million laughs! No one could tell a story like you, my friend. I would be absolutely mesmerized watching your expressions and gestures while you painted a complete picture of whatever event you were describing. Most times the story took second place to the way you told it. I'm sitting here picturing you laughing with everything in you while we would reminisce about all the different things that happened over the years at PLIC. Especially one of my most favorite memories: SAB4. Oh, how we laughed over that one, didn't we?*

And I can't forget the deep caring and compassion from you and Doug during one of the most traumatizing times of my life. You helped me through that awful pain, and assured me that I would be okay again. You opened your hearts and your home to me, and I've been grateful for that ever since.

I will NEVER forget you, sweet friend. I thank you for all that you did for me these many years, the friendship and love you gave me. You were one of a kind, specially made by God to touch the lives of all you met along the way. And now He has called you home, and your family and friends are left with an empty place in their hearts; for just awhile anyway....for we will all be together again one day....and laugh for the rest of time.

I love you, my precious friend. Rest in the arms of the Lord.

Until we meet again,

Ginger!
