“ I had the utmost pleasure in working with Father Michael as his "home" secretary for over 10 years whilst living in Burry Port South Wales. I am very sad to hear the news of his passing. Every year he emailed me around Christmas time telling me of his yearly work and I so looked forward to that. He was kind, compassionate and caring. He will be sorely missed by so many. Rest in the arms of Jesus Father Michael.

“ Father Michael was a gift to our Parish. I loved his homilies. He was so knowledgeable of Bible History and Church History. I hung on to his every word. We were heartbroken when he became ill and passed into Jesus's arms. Recently he had a meeting of the Canon Lawyers in San Diego, California and was told how warm the weather is there. However, he shared that he froze the whole time he was there in their unseasonably cold weather. He wasn't happy about that! He also asked us to pray for his good friend, Fr. Any who was sick. May God help you to carry your great burden of grief in losing him. We will all miss him. The Kent Family.

“ *Fr Burke was a source of immense spiritual support to my mother and brother in the Sacred Heart Parish, Morriston, Swansea, Wales when my father died suddenly and celebrated a Latin funeral mass for him (as he always had desired).*

I will always recall sitting in his study having flown half around the world from Australia upon the news and the warm words of comfort and to always remember the message of hope in Christ crucified and risen.

Well done good and faithful servant. Requiescat in Pace

Fr. Michael was always eager to share british soccer results and european championship games and results. We discussed Brexit, the government leaders deciding EU policies and current church figures in Rome. It seemes to me he was missing somebody familiar with events and personalities in Europe. Being German we had some lively discussions.

Our relations were great and I donated to hin in a gift box 2 pages from Oratorium of St Heinrich II Geman/Roman Emperor. - If the box still exists I would appreciate to receive the box back before it goes into hands which don't appreciate the sentimental and artistic vaaaaalue of the gift.
