“ Throughout the past several years, my family got to know Milton as a friendly neighbor and an extension of our family. We considered Milton a friend and adopted Grandfather to our sons, who lived across the street while in college. We truly enjoyed just visiting with him, having him over for family dinners, his green thumb advice and the trips to Harbor Freight...even though neither of us needed anything, it was a good day just hanging out. Our family will miss Milton immensely and offer our deepest condolences to his family.

“ I am sorry to here of Milton's passing, he was a very thoughtful and helpful neighbor. He would let us borrow any tools and brought food over a few times. My roommates and I would walk over just to talk and he would share his memories of traveling to the different places to see his family. He was well known throughout the neighborhood, every time we would be talking several people would stop by and say hello. I am saddened to see his passing and my condolences go out to his family.
