“ May you RIP and may your family and friends find comfort in eachothers words and memories. You always had a positive attitude, you were always happy and always had that big smile on your face. You definitely had an impact on everyone you came in contact with and because of that your memory will forever live on. “ Milton was a friendly smile in a not so friendly classroom. As a student he never gave me any issues; always trying to make me laugh when he saw I was upset, he got along well with his peers. He always showed he wanted more out of life and that he would put in the work to get it. The news has been very hard to take. I am very sorry and can not even pretend to know what you are feeling as a family. You are all in my prayers as Milton will be everyday. Be proud of the life he lived.##imported-begin##Jennifer Cabrera##imported-end##
