“Mum was always the life of the party. If there was music, any kind of music, she would be up and dancing away. Her generosity knew no bounds. Her love for her children and grandchildren were unsurpassed. She spoiled us girls so much. I am so very grateful to have been with her at the end. She has left a gaping hole in my heart. Love you so much mum.

“My Mother such a beautiful woman inside and out. A loving, caring, giving and supportive woman.

*Mommy was always so happy and positive, my friends adored her. A big chunk of my heart went with her but I know she's home with our good Lord and family who have passed.*

*I will keep you very close to my heart. I LOVE YOU SO MUCH MOMMY!! xoxo*
