“ All Soul's Day (Nov 2nd): Praying for the souls of all the beloved family and friends who have passed. May we grow stronger and more prayerful. My our anxieties about the departed pass and their positive memories live on eternally in our hearts, bringing us joy and better vigilance on the road ahead.

A special prayer for the many priests and service providers who have helped countless families cope with their losses, that they may continue to enable others to gain and embrace a more prayerful state of mind during and after the grieving process.

Dear Melissa -

Her love for each of us is never ending. You and your family hold a special place in our hearts.

Mom's words "Always remember, no matter what happens, or where I go, I will always love you. That never stops." Melissa my dear - that is so true. God has truly blessed us with such an angel.

May God continue to bless each of you and keep you safe.

“ As the 40 days of heavy mourning come to a close, the family joins in thanking all those who have taken the time and effort to lend a hand (or compassionate ear), share a story/photo, and to stand with us, either solemnly at the services or lovingly from home. We love you all and appreciate this time more than words can express. You're in our hearts and prayers.

“ There is nobody who loved her family more than Nadine. Whenever we had the chance to visit, her love and concern for her children were always foremost in her thoughts and words.

I still keep with me the condolences she shared during he passing of my own mother. They are seeds planted for the comfort and continued strength of those she has left behind. May you receive a great harvest of strength and comfort during this trying time and through the coming years until such time as the scripture is fulfilled "Thou hast turned my mourning into dancing for me and taken away my sackcloth."

Although the time I was able to share with Nadine was too limited, I cherish and appreciate those moments and the generosity of her family to share her with the rest of us. Her wisdom, love and kindness will continue to bless this world for generations to come as the lives she has touched and nurtured produce great fruit that brings glory to God.

“ I had the privilege to spend several dinners with Nadine and Anne-Marie.

Nadine was a special soul with a heart of gold. Selfless and kind hearted, her primary goal was to help people and care for others.

Christine and I very much enjoyed our time together and seeing her infectious smile and listening to her profound wisdom. She will be sorely missed.

“ I met Anne Marie and her lovely mother and family when I was a freshman in high school. What I think of first with Nadine is warm and generous hospitality, and kind and loving friendship. She always made me and my mother feel like family. Two years ago, I visited Florida with my family and Nadine and Anne Marie took me out for a wonderful dinner at a Lebanese restaurant to celebrate my fortieth birthday. I'll never forget her warmth and kindness. My condolences to all the loved ones she leaves behind, may her soul Rest In Peace, and may we meet again someday.

“ Words cannot describe the type of person and the contributions your mom made to humanity on this planet. While reading all her accolades and "First" ...the world has lost truly a beautiful angel...but the heavens have received one of their special warriors. She will live inside each and everyone she has ever come in contact with, every person she cared for during her times as a doctor, and the people she has made laugh, and all the countless times she has blessed the world with her gifts. I will miss her but more importantly I will take comfort in knowing that nobody has ever lived out their purpose on earth more completely with grace, class, humor,love, and dignity. God bless you and the family
