“ Nancy was a real treasure.....we would laugh, cry and tease each other on a daily basis. She was loving, caring and always wanting to help you in any way she could. I enjoyed the 3 years I had the pleasure of taking care of her. We shared a lot of wonderful memories. I will see her again when my time comes. Until then.....love to you sweet lady.

“ There is too much to say about what a wonderful person mom was and how I was blessed to have known her for 36 years. She was so talented and artistic and everywhere I look in my home, there is a piece of her there. It's the little things that will stay with me and remind me of her always from Christmas morning waffles to banana bread or Swedish pepparkakor cookies. My memories of her through the years brings a smile to my face. For all of these 36 years and for the rest of the years of my life, she will always be mom to me and grandma to my children. My heart misses you. Love you "As Always". M

“ Mom was a beautiful spirit who lifted up all those around her. She always had a positive and uplifting way about her no matter how bad a day she might be having. I'll always look back fondly on how patient and accepting she was, especially when I was that difficult teenager. She lived her later years after Dad's passing on her terms and loved to travel and explore with her friends in Lake Mary and later at Oakmonte Village. I know she will be missed by many, and friends and family will always have a special memory to cherish. Thank you for showing us what kindness and compassion, love and laughter, strength and understanding mean. We love you. ❤️❤️

“ I am unable to share just one memory. Nancy was like my "other mother" from the time I was 10 when I became friends with her daughter Linda. So many of my childhood memories involve being at Nancy and LeRoy's home and sharing in their family dynamic. Linda and I used to tease Nancy about her Chicago accent and how much she loved the family dog Ginger. She always laughed at how funny we thought she was. She will always have a very special place in my heart as she saw me grow from from a child to an adult and always made me feel like one of her own. RIP "Mom" Love you. ❤️
