“ During my tenure a President of the Gulf Coast Building Trades Council, Pat was always an active individual working to advance his membership. He was one I could count on to step up and take on responsibilities above his duties as Business Manager for the betterment of all in the Labor community. His contributions for all working men & women will certainly be missed. I will miss his friendship and his leadership and I am certain he left his job better than he found it! My prayers go out to his Family.

“ Pat was the kind of person who we meet only rarely in our lives. He was truly a special individual who exhibited the qualities necessary to step in and assume the position of Business Manager of Local 517 at a time when new leadership was needed the most. I will always remember his smile and laugh, and the way in which he made the people he met feel good about things. He will be greatly missed. I love you Brother.
