“ *Kim Kazar - Former co-worker posted a condolence I worked with Paul years ago in the late 70's selling condos on site with GE Bieder & Associates. I have fond memories of that experience. Paul was an excellent sales associate and became a friend. We kept in touch over the years except the last several years. I was blessed to have known him. My prayers and condolences to his family.*

“ *Sandra Morton - Friend/Caregiver posted a condolence My heartfelt condolences goes out to Paul's family. I have many fun memories of Paul from his special "handshake" to his warm smile and twinkling eyes when he would say "your late" (upon entering his home to which I wasn't late and he would laugh). Our common ground was that of football. He was so passionate about his AlaBAMA team ROLL TIDE that I would keep him informed on their stats through the use of my smartphone (cell). He liked the idea of what it could do and at one time was interested in purchasing one but I immediately steered him away from the idea. Paul Beech was a good man who truly loved his family. May the good Lord hold you in the palm of his hand and comfort you during this difficult.*
