“*Sadly I am just hearing of Paul's passing. I first met Paul in 1984 when I was working for the Hartford Insurance group. I then, remarkably, reconnected with him when I moved to Florida to work at Martin Marietta Data Systems. Paul and I found much in common with our love of food, our time in New England (think Frank Pepe's Apizza and Louis Lunch, among so many others), and our intersection in database systems, data architecture, and what is now termed "data science."*

I mostly lost touch with Paul after my time at Martin Marietta, but our paths would occasionally cross and we would just pick up where we left off. I have nothing but the fondest memories of Paul and his passion for all that he did and his willingness to share all that he knew and loved. Rest in peace, my friend. Job well done.

“ Donna & Children:

We knew of Paul's illness and just hoped that God & Paul's strength would carry him through this very, very severe health crisis. However God had different plans and he is now in his warm embrace with his parents.

Our sincerest and warmest thoughts are with you at this most painful time in your life. Be assured that we remember Paul in years past to be a wonderful person. Donna as you probably know, our friendship & relationship derived from Paul's mom. My mom & her were first cousins. Our love to you all.

“ *Sending Donna our caring thoughts and sending Paul appreciation for being Paul. Paul and I worked together at AAA many years ago. I must say we had great fun whilst working really hard. We kept in touch for all these years after AAA, and that is a testament to Paul as a friend. Loved to talk with him about clothes, the cape, Nantucket, cars, photography and FOOD! With appreciation for a life well lived.*

“ Paul was a good friend of mine when we were stationed in Watertown, NY at the 655th Radar Squadron. One of the best things I ever did was to introduce him to the love of his life, Donna. My thoughts and prayers are with his family.

“ *First and foremost, I send my deepest condolences to Paul's family. Paul was truly loved and respected within the Florida Hospital MIS family, he will truly be missed. I met Paul roughly 4 years ago, he was always so courteous, sincere, kind and always willing to help me with any request. Paul and I had a connection, we are both from Massachusetts. I grew up just outside of Worcester in a small town called Northborough, often times we talked about the culture up North, the Cape and all sorts central Mass things.*

It is surreal to think that he has left this earth, that feeling will continue for a long time for all of us. The good lord has taken him to live pain free and peacefully in his kingdom. God bless you Paul, our hearts are very heavy for losing you, for your family and all of your friends. One of my favorite quotes from the bible, I will end with:

2 Corinthians 5:6-8 So we are always of good courage. We know that while we are at home in the body we are away from the Lord, for we walk by faith, not by sight. Yes, we are of good courage, and we would rather be away from the body and at home with the Lord.

“ Paul was a part of the Florida Hospital family for 10 years. He was a hard worker and very passionate about the PM discipline. I spent the last 3 years working with Paul, in his trainer role. He was very awesome and patient in helping people understand the project management tools. Through my many conversations with Paul, he shared his love for his family, travel to the northeast, great food and a good Manhattan.

He was always a very smart dresser. He had so many sports coats, I'm not sure I ever saw him wear one twice (is that really possible Donna?). I remember going to his favorite pizzeria when I first started with FH only to learn that they actually named one of the dishes after him - "Paulie". How awesome is that?

At the team Christmas party Paul put on his chef's hat and made an delectable turkey to share with the rest of the team.

Paul will be missed by all within the MIS team... he left a legacy here that will live on for a very long time. Thank you for sharing him with us.

May your hearts begin healing with all the beautiful memories that he has left within you!

Hugs and Prayers for each and every one of you! April Poggione

Donna I was so shocked and sadden to see the article about Paul (which was well done). I did not know he had passed or I would have been there with you all. You and your family are in my prayers that God blesses you all with some peace and fond memories to help through the bad days. I have so many fun memories of us all doing the fall festival for all those years...
