“ My dad meant the world to me. I have a lot of great memories with him. I remember when he would take me to Walmart or toys R us when it was still around and he'd spend like \$60 on toys for me, which was absolutely absurd looking back on it now because I definitely wouldn't spend that much money on toys every week for my kid haha. I mean, he'd literally do this every week. I know he did it because he loved me and just wanted to make me happy and see me smile. my dad has always been a hard worker and I still remember when he built me a playhouse in my backyard. all I had to say was "dad, I really want a playhouse" and he'd immediately go out and start buying the wood and stuff to make it. it came out beautiful and I have a lot of great memories in that playhouse now thanks to my wonderful dad. I wish I could've seen him or talked to him on the phone one last time, and tell him I forgive him and love him. <3
